

## Perhaps the Collapse of the Canadian House of Commons Is an Indication that Dominion People No Longer Take to King Edwards' Style of Government

### PATRONIZE TULSA GOODS

BUILD UP SMALLER FACTORIES  
BY INCREASED PATRONAGE.

### BUY TULSA-MADE CIGARS

Where a Few People Are Now Employed  
Many Could Get Work if  
Tulsa People Are Wise.

The smaller manufactures in any city have always been the best paying and the most profitable, and have done more to build up than all other industries. A few small factories scattered here and there over a town advertise it as few things do, and give it a name and a fame over a wide territory.

Tulsa has several such factories in different lines, and all are doing well and growing fast. She should have and will have, many more, but until then a great deal could be done by her own people to increase the trade and usefulness of those here.

Take for instance her cigar factories. Tulsa manufactures as good quality cigars as are made anywhere. This is stated by experienced cigar makers and by experienced smokers. In the Commercial club not long ago, some gentlemen, who smoke a good number daily, stated that the ones made in Tulsa were as good as any brought in from elsewhere, and if this be the case, why does not every citizen who smokes cigars buy them in preference to others? As a rule we patronize our other home industries; we buy home made ice, home made cream, home made bread; we patronize our own planing mills and foundries, why not patronize the home made cigar, and make this industry far more profitable than it now is?

It was stated in a meeting in the Commercial club that the cigar factories in Tulsa paid \$600 monthly in wages. On inquiry among the manufacturers it is found that the quantity of home made cigars sold is infinitesimal compared to the quantity of other brands made in other towns. This should not be so. The number of people employed, it was further stated, is eleven, one cigar maker reduced this to seven. The same man said that if every cigar maker in Tulsa smoked one home made cigar out of every half dozen he bought, the number of employees would be doubled, and that if they all smoked nothing but home made, a force of men running into the hundreds could be kept busy.

We are all anxious to see Tulsa grow, and we are all anxious to increase her dinner bucket brigade. The best way to effect these desirable objects is to patronize those we have, and let it be known that Tulsa people stand by their own. If this is done, factories will be seeking admittance here, without asking for bonuses.

Every lady whose husband smokes should see to it that the cigar in his vest pocket was made in Tulsa. Every girl whose sweetheart indulges in cigars should coax him into buying "Tulsa made." Everybody should encourage the industry, for it means more money in all other branches of industry, better trade and better times.

It is wise while trying to secure other factories for Tulsa to assist in bringing them by patronizing those we have. Our slogan should be "Tulsa made goods for Tulsa people."

The above remarks apply to dealers as well as smokers. They should encourage the sale of the home made article and recommend it where they can conscientiously do so. They would do so, it is believed, were the article in demand. Let us make it in demand.

#### AIMING STATEHOOD.

Letters Favorable to the Cause Being Sent Out.

L. K. Cone is in receipt of many replies to the letters being sent out by him in the interests of statehood. Nearly all of these letters are of one trend—willing and anxious to aid Oklahoma and Indian Territory to get statehood.

The following is one of the many

favorable letters received by Mr. Cone from the big concerns of the east:

Dear Sir:—I have your favor of the 13th inst., and I am enclosing herewith a copy of a communication we are forwarding to each of the Iowa congressmen, on the subject of statehood for Oklahoma. We are getting this off this afternoon, and hope that it will be in time to add our little mite of influence towards accomplishing what you are after.

Very truly yours,  
ROBERT I. SAFELY,  
Cedar Rapids, Ia., Mar. 15.

Hon. Robert Cousins, Washington.

My Dear Sir: Whereas, the territories of Oklahoma and Indian Territory are applying for statehood in the United States of America, and,

Whereas, a bill has been introduced in congress granting them statehood, and

Whereas, many of the citizens of those territories, amongst them many eminent and prominent citizens of Cedar Rapids, were former residents of the state of Iowa.

Therefore, the Cedar Rapids Commercial Club, through its Board of Directors, hereby requests and urges upon you, as a representative of this state, to use your endeavor to bring about favorable action on this bill regardless of action to be taken on behalf of other applicants for statehood, the Club believing that such admission to statehood would be mutually advantageous to the people of the United States and the territories named, and great benefits would accrue to our former citizens, to which we feel that they are justly entitled.

Yours very truly,  
(Signed) A. H. NEWMAN, Pres.

#### CAUTION.

The patrons of the post office are earnestly requested to lock their boxes and keep them locked to prevent having their letters stolen and destroyed. We have suffered at least two robberies of this kind very lately. Sometime Saturday night seven boxes were robbed that we know of, as a portion of their contents were picked up on the side walk near the Christian church, brought to the office and handed to one of our clerks. On examination of those brought in, we found they all belonged in boxes, and belonged to seven different persons.

Will the party who found the letters please call and give me the particulars of the finding.

JNO. D. SEAMAN, P. M.

### ED RUTLEDGE UNDER ARREST

LAST NIGHT AT HIS HOME ON  
BOULDER AVENUE.

### RELEASED UNDER BOND

Of \$100—Accused Man Claims Charge  
Against Him False and That He  
Can Prove It.

Strange rumors have been circulating over town today to the effect that Ed. Rutledge had been arrested at his home last night on the charge of having forged checks to a large amount.

In an effort to obtain the facts in the case, the World man heard many different stories, no two alike, and finally went to the house, where to his surprise he met the gentleman himself, who gave his version of the incident and explained the foundation of the reports.

Mr. Rutledge, who has been recently employed by the Mutual Life Insurance company, had a contract with the company whereby they guaranteed him \$40 per month against the commissions he would make by writing insurance for them. He says he went to work, but did not succeed in doing business enough to cover even the \$40 per month, and they caused his arrest for embezzlement. He is out on \$100 bond, and says he can prove his case satisfactorily when it comes up for trial Saturday next.

This is Mr. Rutledge's story, and as his bond is for so small an amount it is evident the talk about "forgery to a large amount" is not true.

#### HE BURIED RELATIONS.

H. R. Cline Has Experienced Much Sorrow.

H. R. Cline is back in Tulsa, having been called away suddenly last week to the bed sides of his father-in-law and brother, who were both dying. The brother, Allen Cline, died in Hannibal, Missouri, and was buried last Friday, and on Tuesday, A. M. Fair, Mrs. Cline's father, was buried in Columbus, Kansas.

Mr. Fair was only 58 years of age, and suffered a severe stroke of total paralysis from which, after lingering a short time, he finally died. Allen Cline died from pneumonia.

Mrs. Cline is still in Columbus with her mother, but will return to Tulsa next week.

The sympathy of this community and of the World is with Mr. and Mrs. Cline in this hour of trouble.

They are beautiful in design and finish, show remarkable taste, and should enthrall the adies of Tulsa. Mrs. Kinnear is meeting with considerable success and will do better when the weather clears up.

### CLAREMORE STRUCK OIL

HER PEOPLE ARE EXCITED OVER  
FINE OIL WELL.

### IS A 50-BARREL PUMPER

Tulsa Company Are the Owners and  
Are Naturally Elated Over the  
Result.

Claremore people are feeling awfully rich just now, and are congratulating themselves on the fact that they also are in, or near, an oil field.

On Monday the Giddings Drilling company, drilling for the Cherokee National Oil and Gas company on the Taylor Property, 10-21-15, brought in a fine well, the first ever brought in in that field. It is located four miles west of Claremore, and is easily a 50 barrel pumper of high grade quality—about 40 per cent.

The Cherokee National Oil & Gas company had made several attempts before to get oil, but their efforts resulted in either "dry" or gas. They persevered, and were at last successful. They own 1,200 acres of leases in that field, and will keep on drilling. They are now supplying Claremore with gas.

The members of the company are mostly Tulsa men, G. C. Stebbins being president and C. W. Leffler, secretary.

#### BID EUCHRE CLUB.

Successful Gathering in Spite of Inclement Weather.

The Bid Euchre Club met yesterday afternoon with Miss Julia Giddings on South Fifth street, and enjoyed a very pleasant time.

Those present were the Misses Maude Rose, Nell Neves, Lottie Evans, Josephine Berry, Mabel, Nellie and Clara Byrne, Vera Justus, Leola and Carl Thompson, and Jimmie Ayars.

Regrets were received from the Misses Audrey Rudd, Jessie Ault and Frances Sleeper.

After the excitement, occasioned by the announcement of the approaching wedding of Miss Vera Justus and Ed. Hannon, by Miss Leola Thompson, had subsided, the ladies got down to business and played bid euchre to their hearts' content. Miss Vera Justus carried off the honors, and was rewarded with a handsome silver toilet bottle, and Miss Josephine Berry was "consoled" with an every-day, ordinary bottle.

Refreshments, consisting of pineapple ice, festinos, marguerites and bon-bons were served, and at the usual hour the club adjourned to meet next week with Miss Otis Howard.

#### THE COMING CHAUTAUQUA.

Tickets Are Selling Well and Affair Will Be a Success.

The tickets for the coming Chautauqua are selling well, those having charge of the lists reporting today that 400 have been engaged. It is

necessary to sell 100 more in order to fulfill the requirements of Mr. Bartell, but there will not be much difficulty experienced in doing this.

Those wishing to get their names on the list should see one of the following four gentlemen: H. R. Cline, J. M. Hall, William Stryker at the Democrat office, or L. G. LeBert at the World office—these gentlemen have all get lists, and will gladly take your name. You don't have to pay until the Chautauqua materializes.

This Chautauqua will be held in July, and will last one day longer than usual, viz., 11 days. Some very superior attractions have been promised, and the tent will accommodate over 10,000 people.

Among the prominent people who will be present and lecture or speak are Sam Jones, the popular Methodist preacher, Dr. Hamm, Dr. George Bain, Parkhurst of New York, and many others you cannot afford to miss.

#### NAMES OF JURORS.

Indian Territory Courts Do Not Permit Publication of Their Names.

Muskogee, I. T., April 5.—Indian Territory courts do not permit the names of jurors made public until the day they are empaneled. This policy was decided on as soon as the courts found that as soon as a jury selection was announced, persons having cases in court immediately got busy trying to influence them in their favor. A case of this kind came under observation in Muskogee not long ago. A juror was one of the defendants in a case on the docket. As soon as it was found that he was a juror, the petition was withdrawn so as to leave the juror out as a defendant, so that he might be one of the jurors to try the case in which he was himself a defendant. Such things as this have caused entire juries to be dismissed summarily in this district.

#### THE EMPORIUM TO MOVE.

Mesdames Lindsey and McHenry Secure Splendid Location.

The Emporium, one of the leading millinery stores in Tulsa, and one of the most popular and successful, will shortly move into the store now occupied by the Weigle Clothing company, on Main street.

The Emporium, now on Second street, back of the Bank of Commerce, has never had room to transact its business or display its richness and variety of goods. In the new quarters, one of the best locations in the city, there will be ample accommodation and the proprietors are justified in expecting a great increase in business.

Mesdames Lindsey and McHenry are to be congratulated on the fine business they have built up in so short a time.

### FRISCO SHOPS ARE COMING

PROMINENT RAILROAD MAN  
GIVES OUT INFORMATION.

### GOOD NEWS FOR TULSA

Now Said to Be a Certainty that Tulsa Will Be Biggest Division Point Between K. C. and Ft. Worth.

Tulsa citizens will hear with satisfaction that it is now an absolute fact that the Frisco shops at Sapulpa are to be moved to Tulsa in the near future. The statement comes from a prominent railroad man who is high in official circles, and is known to know what he is talking about. He has business connections in the city and gave out the information this morning. The names of all parties concerned are withheld for the present, but they are all thoroughly reliable. The exact date of the removal is not given, but it will be early this year, according to the official who is responsible for the news.

While the shops are not so large, their removal here will be of great benefit to the city because it will constitute Tulsa a division point. All conductors on the division will live here, as well as brakemen and other trainmen. The plan is to make Tulsa the central point between Kansas City and Fort Worth. When the shops are established here, they will be enlarged and made the largest between the two above mentioned places. It looks like the Frisco intends to do great things for Tulsa this year, and that is as it should be, as the railroad gets great returns from this city.

#### MACCABEES PAY INSURANCE.

Young Tulsa Girl Receives \$1,000 Insurance.

The order of the Knights of Maccabees paid yesterday to Miss Lillian Querry, daughter of the late Mrs. Myrtle Amerine, \$1,000, the amount of insurance on the latter's life.

Mrs. Amerine was a member of the Lady Maccabees lodge in this city, and carried insurance in the organization to the amount mentioned. Lillian is her daughter by her first husband, and is about ten years old. The money will be very useful in educating the young girl, and is another evidence of the value of these insurance organizations.
